

# Chip and PIN barometer

Update on the national rollout of chip and PIN

NOV  
2004

## Safety in numbers

With so many more outlets now using chip and PIN, and Christmas just weeks away, remembering PINs for both credit and debit cards is even more important. Cardholders can change their PIN to something more memorable at a cash machine or by contacting their card issuer for more information.

For hints and tips on remembering your PIN, visit [http://www.chipandpin.co.uk/reflib/remembering\\_pins.pdf](http://www.chipandpin.co.uk/reflib/remembering_pins.pdf)

## Major retailers rolling out chip and PIN

Key major retailers, including HMV, Selfridges and Shell, join BP, Comet, Marks & Spencer, Tesco, Asda, Homebase, PC World, Dixons and Wilkinson, and have begun to install or have completed rollout of chip and PIN across their shops. There are now 20 chip and PIN transactions every second.

**Disclaimer:** data are collected from a variety of sources. These figures are estimates for October 2004.
